Forecast for Tuesday 03 May 2022

Weather: A lot of cloud expected throughout the day, this shrouding the Munro tops in the south and west of the area. Apart from a little light and patchy rain across the west at first, the morning will be dry. The odd light shower will break out in across the Perthshire hills in the afternoon, elsewhere it should remain dry. Rain will spread eastwards across most ranges from mid-evening onwards.

Chance of cloud-free hill tops above 800m: 70% in the northeast, 20% in the south and west

Low Cloud and visibility: Poor in extensive low cloud down to 700 metres across the west and south of the area. However across Deeside and the southern Cairngorms some shelter is likely with cloud much more broken.

Met Office Aberdeen Meteorologist's View
Rather cold under cloud cover on the higher tops

Forecast for Wednesday 04 May 2022
Weather: Overnight rain soon clearing to leave a mostly dry morning with low cloud thinning. Some bright or sunny spells in the afternoon with a chance of a few slow moving showers. Becoming dry into the evening.

Maximum wind: Westerly 25 mph

Chance of cloud-free hill tops above 800m: 70%

Low Cloud and visibility: Poor in extensive cloud down to 600 to 900 metres at first. Cloud breaking and lifting off all but the highest Munro tops by the end of the morning to leave good visibility for the afternoon.

Temperature: **Glens:** Plus 6 rising to 16 Celsius
At 800m: Plus 6 Celsius
Freezing level: Above summits
